About Us

What began in 1825 as a brick, dry goods store is today the focal point of the acclaimed Brick Store Museum complex encompassing four Main Street structures in the heart of Kennebunk's National Register Historic District. More than 70,000 artifacts and documents illustrate the rich cultural and artistic heritage of the Kennebunks from the earliest settlements to the present.

Museum highlights include American fine and decorative arts, domestic goods, ship building models and more than 3,000 photographs available to researchers in an extensive archives center. Exhibitions change throughout the year, and residents and tourists of all ages enjoy myriad public programs, special events, and seasonal architectural walking tours. A museum shop offers historical publications and exhibition-related merchandise.

The golf tournament represents the Museum's largest annual fundraising event. Last year's tournament generated more than $7,000 benefiting the Museum's exhibitions, educational outreach activities and preservation initiatives. Thank you for your support!

Everyone has a history.
