

Paving the Way for History

A Project to Support the *Connecting Generations* Capital Campaign

Make a Name for Yourself

In the year 1825—when most structures were constructed of wood—prominent Kennebunk merchant William Lord used local brick to build his distinctive store on Main Street. That building still stands and now houses *your* Brick Store Museum.

So what better way to create a lasting impression than with your very own personalized, engraved brick? These handsome, wire-cut red clay bricks make great gifts and are a wonderful way to commemorate special occasions, pay a tribute, or honor loved ones.

Custom bricks ordered before Labor Day 2007 will be installed that autumn on pathways throughout The Brick Store Museum's courtyard, a vibrant gathering place and the site of many events and educational programs.

Your brick will be viewed by generations of residents and visitors!

Attractively priced at only \$100 apiece, all brick proceeds benefit the Museum's *Connecting Generations* Capital Campaign to restore the museum's 19th-century building complex and create a better future for preserving the past. The Museum is a not-for-profit 501(c)(3) organization, so brick sponsorship is tax-deductible to the full extent allowed by law. Carry on a tradition. Leave your legacy in brick today!
