Physical Description:

This collection consists of an account book and one or two items removed (loose) from its pages. These are in a folder.

The entries date from approximately 1816 (the first 15 pages of the book have newspaper clippings pasted on them) to 1831. The name on the cover is "C. B. Littlefield" but Barbara Kimball of the Brick Store Museum attributes the book to David Little of Kennebunk Landing and wonders if C. B. Littlefield was a clerk in Little's store. Her notes are with the accession papers in the notebook where same are kept (numerically).

The book was given in 1974 by Mr. and Mrs. William Jellison of Kennebunk Landing. It had no accession number, therefore #82.4 (L) was assigned to it in 1982.
