Physical Description

Physical Description:

This important, small collection is made up of two cash books of the Ward Shipbuilding Company, Kennebunk Lower Village; the contract for the 1917 schooner Kennebunk; and the final settlement with the vessel's owners, Smith and Goodnow.

The Kennebunk was the last large wooden sailing vessel built on the Kennebunk River, thus the importance of these papers.

The collection bears the acquisition numbers 88.32.1-3
