Physical Description:

In 1979 in response to the 1978 removal of York County’s court records (dating from ca. 164-1930) from the York County courthouse at Alfred to the State Archives at Augusta, a Task Force on Courthouse Records was appointed by the County Commissioners. The task force was to study the problem of storage, handling, use of the records remaining at the courthouse and to investigate the possibility of returning the court records to the County.

This collection is made up of correspondence and meeting notices of the Task Force as well as an inventory of the Task Force Committee members Joyce Butler and Ethel Jewett of Buxton. An inventory of the contents of the attic of the courthouse was taken by Joan Elliott and some of her final listings (photographs and newspapers) are included here, but not all.

The collection includes Butler’s original inventory sheets (although not Jewett’s), the findings of both inventories transferred to card form in a preliminary draft, and the final typed cards photocopied in sheets for a notebook.

The collection is stored in one box and is Acquisition number 84.3.
